DATA SHEET
ROOM SOLUTION: ROOMMATE + TAP IP

Make video collaboration easier for employees and IT by adding Logitech RoomMate and Logitech Tap IP to any meeting space with an existing Logitech conference camera.

RoomMate and Tap IP eliminate the need for an additional, dedicated computer in the room. Together they allow employees to join a meeting with just one touch.

TURN ANY SPACE INTO AN APPLIANCE-BASED VIDEO CONFERENCING ROOM

Add RoomMate to an existing Logitech MeetUp, Rally, or Rally Plus camera and turn any space into an appliance-based video conferencing room, with a compact form factor that can be mounted out of sight and out of harm's way.

Configure the room for leading video conferencing platforms, including Microsoft Teams Rooms on Android, Zoom Rooms, RingCentral, and others*. Add to an existing Logitech MeetUp, Rally, or Rally Plus camera to create a complete appliance room solution.

PRODUCT FEATURES & ACCESSORIES

PRODUCT FEATURES

POWER, WITH CONNECTIONS

With its sleek, low-profile form factor, Logitech RoomMate delivers all the processing power you need for HD video conferencing in rooms with one or two displays.

START MEETINGS WITH A TAP

Meetings begin with just one touch with Logitech Tap IP, a network-connected touch controller that's easy to use and simple to set up.

VERIFIED AUDIO PARTNERS

Use the audio system of your choice. Default to the conference camera's audio when you pair RoomMate with MeetUp or a Rally system. Or choose a verified audio system from our partners, such as QSC, Shure, and Biamp, when RoomMate is used alongside Rally Camera.

FLEXIBLE MOUNTING

Attach Logitech RoomMate anywhere in your meeting space using Compute Mount with cable retention and a hideaway design for a tidy installation.

DEVICE MANAGEMENT AND INSIGHTS

Monitor, manage, and get business insights into how your rooms are being used with Logitech Sync. Monitor and manage your meeting room devices from the Zoom Device Manager.

CLEAN AND SECURE CABLING

Streamline setup for Logitech Tap IP with a single PoE cable, and keep connections tight with built-in strain relief and retention mechanisms.
